Our Fully-Managed WordPress service provides daily backups, security checks, performance scans, and hands-on technical support when you need it including:

1. **Technical Support**

We provide hands-on support for 3 WordPress issues/postings per month (\$225 value).

2. **Daily Cloud Backups**

Protect your websites with a backup that will serve you reliably and consistently.

3. **Monthly Software Updates**

All the plugin, theme and WordPress core updates are taken care of.

4. **Security Scans**

We check regularly for malware and known vulnerabilities, and clean issues as they arise.

5. **Performance Check**

A slow website hurts your bottom line. We optimize your site and check for issues.

6. **Uptime Monitoring**

We keep an eye on your websites for you and send you an email if it goes down.
